IT Coop

Information Technology Cooperative or IT Coop is a socially responsible service provider that fosters technological innovation and excellence for the benefit of humanity. It is a cohesive cooperative of socially responsible, talented and skilled information technology professionals dedicated to serve Information and communication technology requirements of socially responsible enterprises, cooperatives, non-government organizations and private individuals who promote solidarity “Bayanihan” economy.

Our Vision

A transformed nation which social enterprises are visible and accessible in various communication and information media, driven by God-fearing Filipinos whose minds are set to use and develop their skills and knowledge in order to effect positive change to various pillars of society for the promotion of solidarity economy.

Our Mission

We are a membership based organization that supports social enterprise by setting standards that will serve as guidelines for educating people and developing technology that will create new path ways for business and tech, faster and better info and turnaround processes.
